Ventureprise Launch NC IDEA Program

Focusing on Customer Centered Innovation to strengthen Charlotte’s entrepreneurial community

What is the Ventureprise Launch NC IDEA Program?

Ventureprise was awarded an NC IDEA ecosystem grant to bring the Ventureprise Launch customer discovery program to early-stage, innovation-driven startups in Charlotte and western North Carolina. The curriculum takes early stage entrepreneurs through customer discovery and business model generation activities modeled after the National Science Foundation Innovation Corps (NSF I-Corps). Ventureprise operates a NSF I-Corps Site for University Technology commercialization and is trained to offer the curriculum.

Program Culture

Ventureprise Launch NC IDEA Program is designed to succeed at the most critical phase of commercializing an innovation— the opportunity assessment— through customer discovery. Successful participants and teams are agile. They participate to discover the business model that provides the best opportunity to accelerate profitable commercialization of their innovation. Ventureprise Launch is best described as a boot-camp for innovators and is designed to challenge you at every turn.

Ventureprise Launch NC IDEA Program Alumni

“This program allowed us to have conversations with potential customers that we would have had no way of reaching by ourselves.”

Mark Gulley, Redipay CEO

“There is a lot of effort that goes into customer discovery that even I, with having experience in building companies, learned much about in the course.”

Curtis Watkins, Bova Metrics CEO

“As a Harvard MBA, I was not sure I would learn much. Yet, to my pleasant surprise, through Ventureprise Launch we gained valuable customer insights and have made a couple of key pivots.”

Darrell Hubbard, YobiFund Founder
